THE HAWKER 900XP

"SETS THE STANDARD IN THE MIDSIZE CATEGORY."
FLIGHT INTERNATIONAL

When looking for a midsize business jet today, there are more options than ever before. But, while there may be many players, there is one that clearly stands atop the category — the Hawker 900XP.

MISSION VERSATILITY

The Hawker 900XP can take as many as nine passengers farther and with greater value than any other midsize jet. Or it can load up four passengers with luggage and cover more than 2,800 nautical miles. How? With a combination of advanced aerodynamics, new-generation Honeywell engines and, of course, that unmatched Hawker quality.

LAND NEARLY EVERYWHERE

Plus, to open even more doors, the Hawker 900XP is certified to operate off of unimproved grass or gravel runways, so it

can literally go where other comparable business jets cannot.

What it all means is that a Hawker 900XP will take crew and passengers farther, faster and with more reliability and cost-efficiency. In fact, with a Hawker 900XP, traveling will become the best competitive advantage a company has.

Only for your pleasure

FLY IN STYLE, COMFORT & SAFETY

BROKERS

We are achieved an enviable reputation for the individual service we provide for our brokers. Our expertise and service ensure your clients have a superd experience when flying with AMJ. We are competitive and reliable. Our professional and experienced flight crew understand that your clients are your livelihood which in turn them ours too.

SAFETY

Safety is a cornerstone of our business. Whit our modern fleet and highly experienced crews your safety is our priority. AMJ operates a Safety Management System that meets internationally approved standards. Hazards that could potentially affect any part of the operation are subjected to a rigorous process to mitigate or eliminate the risk.

PRIVATE JET CHARTER

If you want to avoid the hassle of busy airports and queues for security there is another way. AMJ can organise transport to the airport, pre-clear you through border controls, fly you to airports closer to your final destination and to a timetable that suits you. Whether it's a holiday, a business trip or a special day out you can ben assured that we will deliver a first class service flying you to your destination in style and comfort.

PRIVATE JET MANAGEMENT

AMJ has the infrastructure tu support the management of any aircraft type. Our operations department systems are able to deal with the complexities of a 24/7 global operation and our technical expertise is not limited to Embraer aircraft. Whether your private jet is an HAWKER 900XP we are able to manage your private jet operation to the standards required from a commercial operator.

**A FORWARD THINKING COMPANY
COMMITTED TO LUXURIOUS, RELIABLE
AND SAFE PRIVATE JET TRAVEL.**

AMJ was created to provide first class, on time, performance excellence with a fleet of brand new, cutting edge technology aircraft, so that you can arrive at your destination in style and comfort. Our Hawker 900XP is the first to bear the UK expertise in the acceptance, delivery and operation of these high tech business jets.

Our commercial operating area has been expanded to include the entire African continent, the Middle East and a greater area of Russia. The additional range of the Hawker 900XP means that our clients are now able to take advantage of the new operating area and

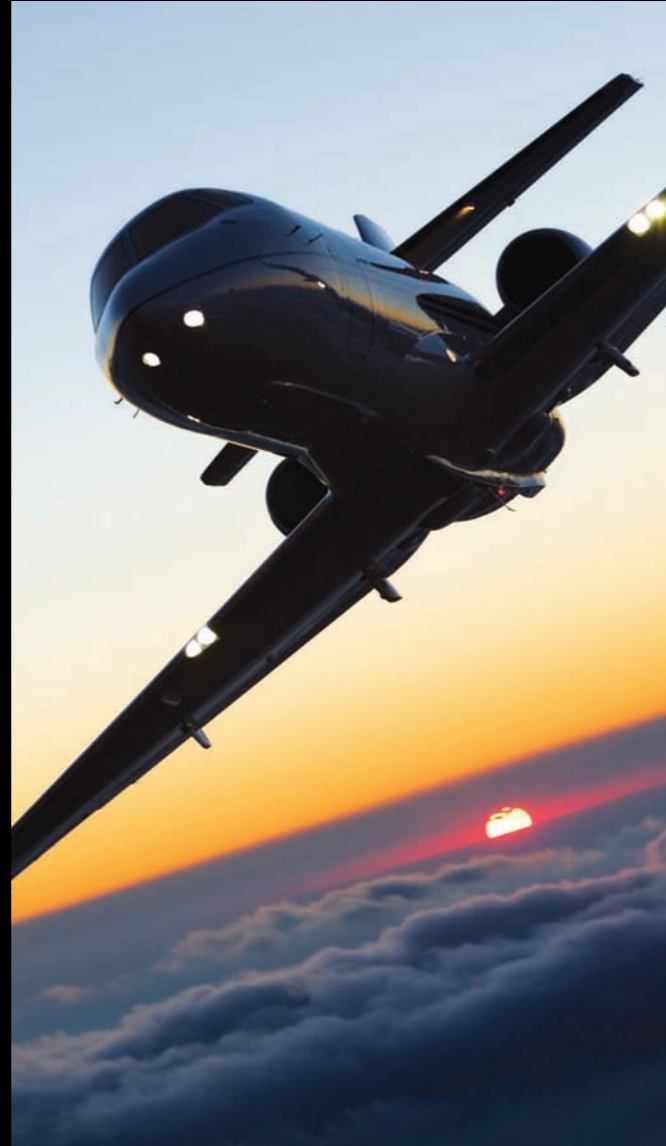

enjoy the comfort and flexibility that private jet charter affords.

AMJ was conceived and built upon the principle of a premier but affordable service to our customers: a combination of the 1930's golden era of diamond class quality and the modern requisites of efficiency, reliability, technology and safety.

Our team of dedicated professionals is committed to delivering excellence. Our management team has over 15,000 flying hours on corporate aircraft and airliners. It is hard to find a private jet operator with a more experienced team of pilots, managers and staff.

This not only assures great customer service, so important in what we do, but the

knowledge that safety and quality are as important to us as they are to you.

Contact us and let us help you with all your personal and business aviation travel requirements.
